Recommendation

It is recommended that the State Planning Commission (the Commission) resolves to:

1. Approve the designation of this item as Not Confidential (Release Immediately).
2. Note the marked-up version of the Deputation, External Meeting and Event Policy (the Policy) at **Attachment 1**.
3. Approve and authorise the Chair of the Commission to make any minor amendments as required to finalise the Policy.
4. Authorise Planning and Land Use Services (PLUS) to publish the final Policy once approved.
5. Approve an annual review of the Policy as part of the Commission's annual Governance Audit.

Background

The Commission's Governance Manual outlines the Commission's policies on various matters, including transparency in relation to public meetings and confidentiality.

On 3 February 2022, the Commission approved the Policy for publication on the Commission's website to assist in the Commission's consistent management of deputations, external meetings, and events. As part of the approval, a review would be undertaken following the first six months of operation.

Discussion

Following the Commission's approval, 11 deputations have been heard pursuant to the Policy (**Appendix A**). Stakeholders, designated entities, proponents and councils have made deputations to the Commission in relation to matters of interest to the Commission, Code Amendments and Impact Assessed Developments. In addition, the Commission has undertaken numerous external meetings and events since the implementation of the Policy.

The implementation of the Policy to consistently manage deputations, external meetings and events has been successful in providing further transparency and clarity for external parties in the management of deputations.

Following the six-month review, PLUS recommends that two additional matters are included in the Policy, being:

- Specify a time frame to apply for a deputation prior to a Commission meeting.
- Allow for the Commission to request a deputation.

While the steps to apply for a deputation are set out in the Policy, no time frame is currently specified. It is recommended that a request for a deputation, external meeting or event under the Policy is made at least three weeks before the designated date. This will provide sufficient time for logistics of the deputation to be arranged, particularly where it is to be heard in conjunction with, or immediately prior to, the Commission's formal consideration of the matter.

To clarify that the Commission is able to request deputations, external meetings and events, it is recommended the Commission be specifically identified as a 'party' able to request a deputation.

For efficiency, it is recommended the further reviews of the Policy occur as part of the Commission's annual Governance Audit (which occurs in the second quarter of every year).

Next steps

Following the Commission's approval of changes to the Policy, direct the Governance Team to advise PLUS staff that updates have been made to the Policy, especially in relation to timeframes for requesting a deputation.
